

Dr. Paul Korn

Dr. Paul Korn, Clinical Associate Professor, Department of Pediatrics, was the first Fellow in Pediatric Emergency Medicine, and joined the Department of Pediatrics in 1987. He remains actively involved in Clinical Pediatrics and has special interests in Pediatric Emergency Medicine, Child Protection, Urinary Tract Infections, and Concussions. He has been active in developing, implementing and evaluating Clinical Practice Guidelines for Child Health BC.

Dr. Korn was the Division Head of General Pediatrics for 15 years, Adolescent Medicine for 4 years, Emergency Pediatrics for 4 years, and now is the Medical Director of the BC Children's Hospital, Emergency Department, and the Child Protection Unit in Surrey.
