THE UNIVERSITY OF BRITISH COLUMBIA

## Faculty of Medicine

## CAREER OPPORTUNITY

### Research Associate, Department of Pediatrics

The UBC Department of Pediatrics, Division of Cardiology invites applications for a Research Associate to join a multidisciplinary translational research program with specific goals to improve cardiovascular health in children.

The successful candidate will have a Masters or PhD and at least 3 years of relevant experience. Knowledge and research experience in congenital heart disease; expertise in the field of cardiovascular physiology and, in particular, vascular function, are assets. A strong background in statistics and clinical research methodology is highly desirable.

The applicant should also demonstrate the ability to work independently, supervise graduate and undergraduate students, conceive, initiate, organize and manage projects. Excellent verbal and written communication skills are a necessity as well as the ability to work in a team environment. Management experience with large, multi-center projects is an asset.

This position will begin ASAP. This is a one-year term appointment subject to annual renewal. Salary will be commensurate with qualifications and experience. This position will begin ASAP. Closing date: (30 days after posting)

The University of British Columbia (UBC) is a global centre for research and teaching. Surrounded by the beauty of the Canadian West, UBC embraces bold new ways of thinking that attract exceptional students and faculty. It is a place where innovative ideas are nurtured in a globally connected research community, providing unparalleled opportunities to learn, discover and contribute.

Faculty members, students, staff and alumni in the UBC Faculty of Medicine are actively engaged in innovative, leading edge research, education and community service on university and hospital campuses across the Province. Together we aim to create knowledge and advance learning that will make a vital contribution to the health of individuals and communities, locally, nationally, and internationally.

*UBC hires on the basis of merit and is committed to employment equity. All qualified persons are encouraged to apply. UBC is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, persons of any sexual orientation or gender identity, and others who may contribute to the further diversification of ideas. However, Canadian and permanent residents of Canada will be given priority.*
