

**** Sent on behalf of Ran Goldman, MD, Professor, Department of Pediatrics, University of British Columbia ****

Dear faculty, trainees, and staff,

The annual Department of Pediatrics Celebrate Research Day was a great success, showcasing the tremendous work that our trainees have completed in the Department of Pediatrics.

This year's winners showed outstanding talent, and with their mentors, presented high quality research.

Please join me congratulating the following trainees and their mentors for their research success:

- **Best Resident Research Paper – Dr. Sabine Laguë**
 - Project: *Learning on the wards: Quality improvement of inpatient pediatric learner education on CTU*
 - Research Mentor: Dr. Mia Remington
- **Runner Up Best Resident Research Paper – Dr. Asia van Buuren**
 - Project: *Far from home: Qualitative evaluation of the impact of geographic distance from a tertiary pediatric hospital in Canada on family experiences*
 - Research Mentor: Dr. Matthew Carwana
- **Runner Up Best Resident Research Paper – Dr. Sean Duke**
 - Project: *Evaluation of Child Health Advice in Real-Time Electronically (CHARLiE) in Northwestern BC*
 - Research Mentor: Dr. David Wensley

- **Best Fellow Research Paper – Dr. Kayleigh Campbell**
 - Project: *Prenatal antidepressant exposure and neonatal connectome topology: a neural pathway for early social-emotional disturbances*
 - Research Mentor: Dr. Tim Oberlander
- **Runner Up Best Fellow Research Paper – Dr. Rozalyn Chok**
 - Project: *Infectious complications associated with treatment of children with relapsed acute lymphoblastic leukemia: a descriptive analysis*
 - Research Mentor: Dr. Amanda Li
- **Runner Up Best Fellow Research Paper – Dr. Lilian Ping Ling Ngo**
 - Project: *The impact of RSV infection post-resurgence on disease severity and the role of co-infection in infants less than 6 months old in British Columbia, Canada*
 - Research Mentor: Dr. Pascal Lavoie
- **Runner Up Best Fellow Research Paper – Dr. Jad El Maamari**
 - Project: *Reference Values for coagulation analytes across 3 different analyzers in neonates and children 30 days to 18 years of age*
 - Research Mentor: Dr. Paul Monagle

- **Best Research Poster – Dr. Nancy Lum**
 - Project: *Enhancing Social Determinants of Health Education for Pediatric Residents*
 - Research Mentor: Dr. Sara Jassemi
- **Runner Up Best Research Poster – Dr. Jacqui van Warmerdam**
 - Project: *Respiratory outcomes by five years of age among children born preterm: a population-based study using health services data*
 - Research Mentor: Drs. Joseph Ting, Emily Kieran
- **Runner Up Best Research Poster – Dr. Paige Murphy**
 - Project: *Scanning for Success: perceived barriers and rates of completion of extended cardiac views on prenatal ultrasound before and after a targeted education session*
 - Research Mentor: Dr. Aisling Young

You may revisit all the abstracts and posters in the 2024 CRD booklet:

<https://med-fom-pediatrics.sites.olt.ubc.ca/files/2024/04/CRD-2024-Event-Booklet-1.pdf>

Thank you to the **Residents Research Committee** for planning CRD.

I would like to thank our competition **judges** – Drs. Jonathan Rayment, Brett Schrewe, Thiviya Selvanathan, Carolina Silva, and Lori Tucker, and all DOP faculty for their contribution to residents research.

See you in Celebrate Research Day 2025.

Sincerely,

Ran Goldman, MD
